

GTCC Summer Institute 2017

Workshop 1713	
TITLE:	<i>Common Core Writing: Using Six +1 Traits of Writing Assessment to Impact Student Success</i>
DESCRIPTION:	This workshop will introduce teachers to the 6+1 Traits of Writing and discuss how the language of the traits is embedded in the Common Core writing assessments. The workshop will provide opportunities for teachers to familiarize themselves with 6+1 Trait rubrics. Teachers will score writing samples with 6+1 Trait rubrics, and use both fiction and nonfiction pieces of literature to make connections to the traits. Teachers will also use the language of the traits to write prompts similar to those found on the Common Core assessment that can be used in the classes they will teach next year. The workshop will also demonstrate ways to use fiction and nonfiction literature in the classroom to help students address modes of writing found imbedded in the Common Core standards (argumentative, explanatory, narrative, and creative). Each participant will receive a copy of the 6+1 Traits binder.
